

BUSINESS DEVICES THAT ARE A CLASS APART

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.

ThinkPad T495

Smarter
technology
for all

Lenovo

Powered by the latest AMD Ryzen™ Pro processors, this lightweight business laptop comes packed with features to help your mobile workforce stay productive on the go. With up to 13.4 hours of battery life, there's no need to carry a charger everywhere. The optional 4G WWAN module allows users to stay connected even where WiFi may not be available. The device has been MIL-SPEC tested to ensure continued performance and durability.

REASONS TO BUY

An onboard TPM 2.0 chip can encrypt all sensitive data on the device while the optional Privacy Guard screen renders the display unreadable at the touch of a button for anyone peering from behind or adjacent to the user.

USB Type-C, USB 3.1, and HDMI 2.0 ports allow high-speed data transfer and support docking solutions to enable seamless multitasking.

Optional touchscreen provides users with an intuitive way to interact, enabling functionality such as zoom, scroll, selection, and more.
